

## **EXPORT PROCEDURES AND DOCUMENTATION** **FOR ORNAMENTAL HORTICULTURAL PRODUCTS**

*This covers the exportation of all forms of blooms and exotic plants.*

1. Visit [www.jexporter.com](http://www.jexporter.com) or the JAMPRO offices and register to become a registered exporter. The registration process usually takes three to five days.
2. Consult Plant Quarantine/Produce Inspection Unit for information on the requirements for obtaining the Phyto-Sanitary Certificate to export ornamental horticultural products.
3. Consult the Bureau of Standards for information on standards, specifications for the product to be exported and recommendations on suitable packaging materials.
4. Obtain advice from packaging companies regarding the appropriate packaging.
5. Purchase and complete Export Entry Form C82 available at either **JAMPRO** offices or the offices of the Jamaica Exporters Association. Complete all relevant commercial and export forms.
6. You may consult with the Trade Board's Certification Unit to determine whether the product you wish to export qualifies for preferential treatment in any overseas market. If so, you may purchase the relevant form and obtain the required Certificate of Origin.
7. Check shipping/air cargo rates and schedules as well as provisions for insurance coverage. Complete Tally Sheet (by air) or Wharf/Dock Receipt and a Cargo Integrity Form (by sea).
8. Contact the Plant Quarantine/Produce Inspection Unit and make an appointment for the inspection and certification of each shipment. A Phytosanitary Certificate should be received upon inspection of your shipment and before going to Jamaica Customs for validation.

### **NOTE:**

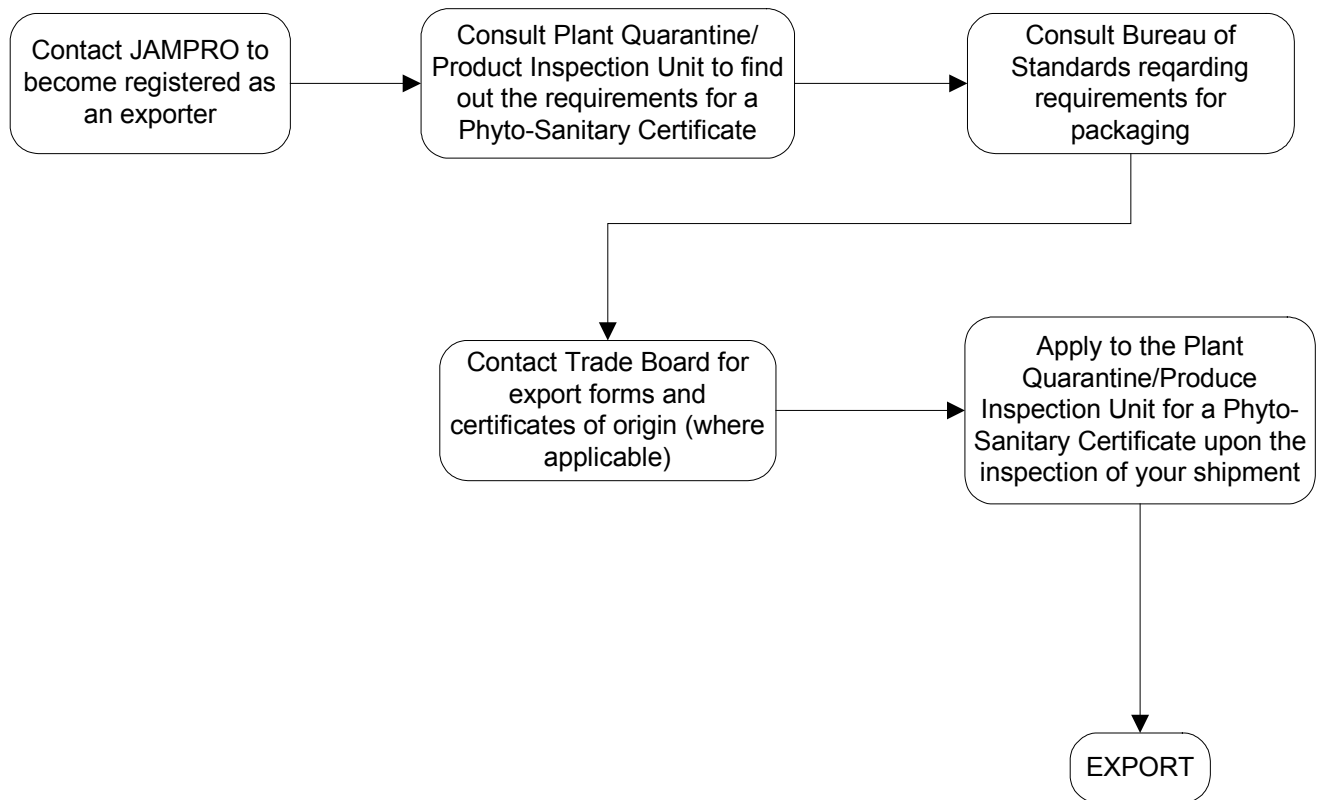

- All forms pertaining to the export process are available at the Trade Board
